Sliding Fee Discount Plain Language Summary

Little Colorado Medical Center's mission is to provide Professional Care with a Compassionate Touch. As part of this mission, Little Colorado Medical Center offers financial assistance through its Care Assistance Program to patients unable to pay for emergency or medically necessary care.

Eligibility Requirements and Assistance Offered

Eligibility for the sliding fee scale is based on multiple factors, including condition and care required, insurance coverage or other sources of payment (including personal injury claims), income (Federal Poverty Level guidelines used to determine the amount of financial assistance offered), and family size.

Patients must comply with the application process, including submitting tax returns and/or pay stubs. Patients will also have the option to complete the application process for all available sources of assistance, which may include Medicaid Assistance.

How to Apply for Assistance

The patient or any person involved in the care of the patient, including a family member or provider, can express financial concerns during the patient's care. The patient or responsible party will then be encouraged to complete a Sliding Fee Discount Application.

The sliding fee scale is limited to medical care provided at Little Colorado Physicians Office. Little Colorado Physicians Office will uphold the confidentiality and dignity of each patient, and any information submitted for consideration of financial assistance will be treated as protected health information under the Health Insurance Portability and Accountability Act (HIPPA).
